

Acorn Training and Development

The Acorn Training and Development Service offers individuals with a disability or long-term health condition the chance to engage in a variety of training and volunteering opportunities at our Acorn site in Trinity and also within the wider community.

We use our three business areas to provide realistic working environments (Acorn Reuse Centre, Acorn Nursery and the Acorn Woodshack) and run a variety of supported training programmes and group projects. You will create your own individualised work goals and through engagement at Acorn, you will

Your journey through Acorn

1.

Call us at Acorn Training and Development to find out how we can help. Agree a date for a tour of the Acorn facility.

2.

Come and meet us and have a tour of the Acorn site. If you are appropriate for our service, you will be given an information pack and referral form.

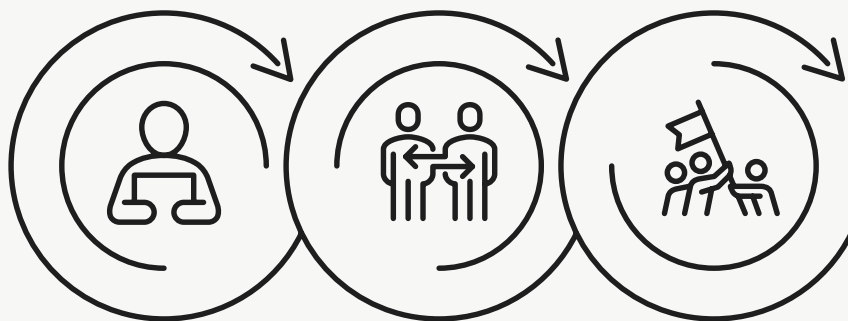

3.

We'll contact you to arrange a meeting, to discuss training and volunteering opportunities available and also introduce you to your co-ordinator, who will support you to progress towards your work goals.

develop a variety of new skills, team work and confidence, enhancing your progression towards employment.

We encourage you to link with our Community Volunteering Team once commitment, punctuality and employability skills are demonstrated.

You will be supported to undertake a bespoke voluntary placement, with a view to either becoming an independent volunteer or progressing onto the JET Employment Service.

4.

We will support you to complete any necessary paperwork and then either:

- Engage with your individualised training programme at Acorn or
- Start your bespoke voluntary placement within the community.

5.

You will be encouraged to regularly review your progress with the support of your co-ordinator and then plan your next step.

6.

From here you can take two paths. Either become an independent volunteer or progress onto the JET Employment Service for support with your C.V. and other job seeking activities.
